OFFICIAL - SENSITIVE

This document is produced for Law Enforcement purposes only and must not be disclosed outside of the Police Service except for specified purpose(s) described in the Law Enforcement Data Service (LEDS) Security Operating Procedures document.

You are responsible for the protection of this personal data. You must keep the data secure and protect it against loss, unauthorised access or use. You must not send or transmit this document through systems that are not secure. You are responsible for securely destroying this document when it is no longer needed for the specified purpose(s).

This is a documented copy of the driver record held by DVLA. The document is produced via the LEDS Drivers product which is directly connected to DVLA data.

As the DVLA data is updated every 30 minutes it is only a true and accurate record at the time of creation.
